

Dear Members and Friends

## **We're Hiring: ESCIF's First Chief Executive Officer**

We are excited to announce that the European Spinal Cord Injury Federation (ESCIF) is recruiting its first-ever Chief Executive Officer (Part-Time).

This marks a significant milestone in ESCIF's development. As we continue to implement our 2024–2030 Strategy, we are looking for an enthusiastic and visionary individual to help grow our network, strengthen relationships with our members, develop partnerships and support the long-term sustainability of ESCIF.

This is an exciting opportunity to shape the future of the European spinal cord injury movement.

### **The role**

- Home-based anywhere in Europe
- Approximately **14 hours per week**
- Two-year fixed-term contract
- Salary: **To be negotiated**
- Regular travel across Europe
- 

Working alongside the President, Board and Secretary, the successful candidate will help deliver ESCIF's strategy by:

- Building strong relationships with member organisations
- Developing partnerships with European institutions, NGOs, researchers and corporate partners
- Identifying funding opportunities
- Supporting the planning and delivery of projects and congresses
- Raising ESCIF's profile across Europe

We are looking for someone with excellent networking and communication skills, experience of partnership development, fundraising or European projects, and a passion for improving the lives of people with spinal cord injury.

### **How to apply**

Applicants should submit:

- A CV
- A covering letter (maximum two pages)
- A personal SWOT analysis explaining how their strengths, weaknesses, opportunities and threats relate to the role

**Applications:** [secretary@escif.org](mailto:secretary@escif.org)

**Closing date:** 9:00am (CET), **21 September 2026**

Please share this opportunity widely through your own networks. We would love to hear from candidates across Europe who are passionate about building a stronger future for the spinal cord injury community.

Lucy Robinson  
**ESCIF President**
